Forjas Irizar releases latest hook on to market.

A100.
The last word in single stage turbocharging.

Power and productivity
for a better world™

ABB

The high pressure ratios and efficiencies of the A100 turbocharger are enabling IMO Tier II compliance at optimized fuel consumption. Its wide compressor maps facilitate cost effective dual ratings for standard cruising to slow steaming. www.abb.com/turbocharging

36-114 Features

Feature 1 China

- 36 Champagne on hold
- 38-39 Korean yards' China operations power ahead
- 40 Container breakthrough
- 42 Rongsheng diversifies
- 44 Power drive
- 46 Heavy-lift is a rare bright spot
- 48 Owner backed yard takes off
- 48 Guangzhou rising
- 49 Graigs Marlin series aims to fill feeder gap
- 50 China's FPSO build up driven by CNOOC
- 50 Greens the name of the game for CCS
- 51 Nangtong arrives en masse
- 52 Chengxi squeezes cargo in
- 53 Rolling on the river
- 54 Ahead of the LNG curve
- 55 New offshore entities
- 56 Kawasaki/Cosco JV sign-up Dalian

Feature 2 Fast passenger and freight ferries

- 58-59 Incat innovates by blending technologies
- 61 Seamless marine solution for rail freight
- 62-64 Fast Ro-pax strengthens Aegean network

- 68-69 EU boosts Malta's HS ferry link

Feature 3 Germany

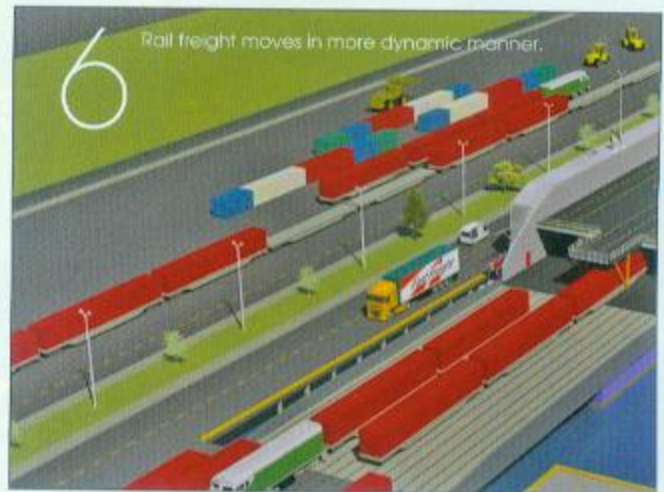

- 71 German yards keep doing what they do best
- 72-73 Reducing risk and Improving performance
- 74-75 Figures still down for German yards

Feature 4 Cranes and cargo handling

- 76 Forjas Irizar forges ahead with latest hook
- 78-80 Liebherr joins forces
- 81 Palfinger to supply wind turbines
- 82 Ace seals the deal with Bluestone
- 84 Hatiapa keeps it eye on Brazil

Feature 5 40th Anniversary

- 88-91 Look back in wonder
- 92-102 Considerations in the structural design of the new generation of OCL container ships
- 104-114 Since Liverpool Bay

On-line Edition

The Royal Institution of Naval Architects is proud to announce that as of January 2008, *The Naval Architect* journal has gone digital. We are very pleased to inform the maritime industry that each issue will be published online, on the RINA website. Visit www.rina.org.uk/tna and click on the issue cover you wish to view. This means that the entire publication, including all editorials and advertisements in the printed edition, can be seen in digital format and viewed by members, subscribers, and (for a limited time) any other interested individuals worldwide.
