Features

P20 Onboard cyber vulnerability

How ships need to make themselves more resilient to virtual attacks

P24 Digital pay

Better connectivity at sea could enable crew to have much greater control over the disbursement of their pay

P26 Batteries included

The benefits and risks as shipping moves closer to a battery-powered future

P28 Human-centred design

In an effort to reduce human error when using electronic aids to navigation, ECDIS could undergo an ergonomic overhaul

P31 Cyber drills

What shipping is doing to train crew in how to prevent cyber attacks

Regulars

P4 Our say

Coding safety into autonomous ships

P5 Your say

Celebrate seafarers' continued efforts in safety

P6 News round-up

Sanchi could spark IMO review; abandoned seafarers use social media; asbestos risk

P12 Security news

Yemen prompts security recommendations

P14 Training news

Course qualifies officers for larger superyachts

P16 Shared concerns

Piracy's impact on crew work and wellbeing

P18 Inside the fleet

MacGregor's app to improve safety culture

P33 Security insight

P34 Regulation insight

P35 Products

P36 Near misses

P34 MARS
